Description

This RJ45 connector is to be installed in flat or angled (1U 24 slots) patch panels. Front-panel and fast-snap accessibility of each individual connector provide ease and reliability for tool-less installation and maintenance.

Product characteristics

- 568 A/B marking
- POE + compliant

Recommendation / Restriction

- Compliant with ISO/IEC 11801 edition 3.0 (2017) and EIA/TIA 568 C2-1 standards

The product's benefits

Installation

- User installation is rendered easy through an intuitive fast and secure management of each individual connector.

Usage

- Daily user maintenance is rendered easy through the move-add-change management of each cassette and individual connector.

Avantages

- Connector tested and guaranteed to support POE signals (standard IEEE 802.3af and POE+, draft standards 802.3at) up to 2500 connections and disconnections with load.
- Tests are carried out with 2 simultaneous POE+ circuits producing a minimum total power of 50W.
