## VIKING 3 LEGRAND

Connecting terminal block, screw connection, 1 connection 1entry/1outlets , Cross-section 4mm<sup>2</sup> - pitch 5mm -yellow/green

REF. 037270 | EAN. 3245060372705

[> Visit e-catalogue](#)

## Product characteristics

- Green/yellow terminal blocks are recommended for protection conductors.
- Direct tool - free insertion of a rigid wire or a flexible wire with ferrules, up to 6mm pitch
- 2 areas for automatic insertion bridging combs (upper level only for multi-level terminal blocks)
- Easy insertion of conductors thanks to the ergonomic shape of the entry and outlet.

## Recommendation / Restriction

- Installation recommended for electrical connection in industrial and tertiary cabinets and enclosures.

## The product's benefits

### Installation

- A securing pin on the insulating body holds the Viking 3 terminal blocks together for ease of handling and perfect alignment on the rail. The assembly/disassembly of a terminal block is still possible without removing the adjacent terminal blocks

### Usage

- Terminal blocks have two marking zones per level allowing a clear, visible and convenient identification of the circuit.
