

# Product sheet

LEGRAND

Plastic Lid + Trim of standard floor box for wiring devices supports 12 modules vertical or 18 modules horizontal

REF. 088001 | EAN. 3414970754943

[> Visit e-catalogue](#)

## Product characteristics

- Accepts all kind of coating with maximum 8mm thickness.
- Removable Lid to facilitate connections to the wiring devices
- Flexible cable exit which moulds connected cords and which recovers its initial position when not used.
- Discreet opening and easy by one hand thanks to its integrated handle
- Once mounted, the floor box have a global load resistance 3000N (vertical load applied through a large surface diam, 130mm)

## Recommendation / Restriction

- Indoor use only.

## The product's benefits

### Installation

- Floor box modular to compose : matchs with your needs (type of installation, number of modules, finishes), gives time for reflexion, protects the product during the progression of the work site (the installation follows the steps of the site).

### Usage

- Two possible orientations for the cable exit : Lid and Trim easily reversible to 180 degrees

### Avantages

- A universal range available in three sizes, adapted to any kind of floor (raised floors, screed floors) and upgradable because equipped with commons wiring devices supports (a standard floor box can become a flush one without touching the electrical connexions).
- Installation without tool : clips-on and unclips easily in the support kit : quick mounting and inexpensive maintenance.
- Possibility to add a locking system with or without key.
