> Visit e-catalogue

Product charateristics

- Black technopolymer cover with satin finish and silky feel.
- The cover is equipped with a self - centering system (self - centering System) that allows the plate to be attached while maintaining a perfect flatness of the switch
- 2 modules, technopolymer, satin black
- Delivered with dedicated packaging to maintain the aesthetic characteristics unaltered

Recommendation / Restriction

- It is mounted on the cover plate at the end of the construction site to maintain the work in a workmanlike manner.For internal use.

The product's benefits

Installation

- Installation in a workmanlike manner, without scratches or dirt on the building site, thanks to the separation of installation times between the technical part and the aesthetic part. Installation perfectly aligned with the plate thanks to the self centering system

Usage

- Planar Aesthetic and increased ergonomics thanks to the new Full touch concept: the control can be operated by pressing at any point on its surface

Avantages

- The cover is equipped with a self-centering system that allows the plate to be attached while maintaining a perfect flatness of the switch
- It is coordinated with the L.NOW aesthetic
- You can replace the device cover at any time by changing its color or restoring any damage to the surface without changing the entire device
