> Visit e-catalogue

Product charateristics

- Red technopolymer cover with satin finish and silky feel.
- 2 modules, technopolymer, satin red
- Delivered with dedicated packaging to maintain the aesthetic characteristics unaltered

Recommendation / Restriction

- It is mounted on the cover plate at the end of the construction site to maintain the work in a workmanlike manner.For internal use.

The product's benefits

Installation

- Installation in a workmanlike manner, without scratches or dirt on the building site, thanks to the separation of installation times between the technical part and the aesthetic part. Installation perfectly aligned with the plate thanks to the self centering system

Avantages

- It is coordinated with the L.NOW aesthetic
- You can replace the device cover at any time by changing its color or restoring any damage to the surface without changing the entire device
- The mobile surface of the socket guarantees a completely aligned appearance on the switch, an even greater safety. It prevents the deposit of dust typical of this type of socket
