Product sheet

KNX line coupler din

REF. 003546 | EAN. 3414972052429

> Visit e-catalogue

Product charateristics

- DIN 2 modules
- Power supply from KNX bus (10mA)
- Bus status (traffic, errors, filter) information with 6 LEDs

Recommendation / Restriction

- Configuration through ETS tool from KNX association

The product's benefits

Installation

- Connected with the BUS/KNX cable & can be configured as line repeater for extending KNX lines above standard limits

Usage

- Configurable one-button activation for special functions, e.g. transmit all group telegrams (useful during commissioning, automatic reset after a dedicated time)

Avantages

- Because a broad range of KNX devices communicate with each other, (even if they are from different manufacturer) KNX technology answers to high demands for smart home or building thanks to endless flexibility and personalization
- Support of long telegrams
- Configurable "Manual Function" that can be activated by a single button press
