Product characteristics

- Quick and easy pairing with wired products (connected switch with dimmer option, connected power outlet, connected micromodule, or connected cable outlet)
- LED indicator with low battery warning
- Supplied with a replaceable battery with an 8-year life
- Anthracite

Recommendation / Restriction

- To add your wireless light switch to your connected installation, you first need to purchase and install a Living Light with Netatmo connected starter pack, as well as one or more Valena Light with Netatmo connected switches, power outlets or lighting micromodules

The product's benefits

Installation

- Extra-slim, the wireless light switch is attached to a wall with the adhesive pads provided. It can therefore be repositioned. Can also be screwed onto a flush-mounting box

Usage

- Pair as many dimmer switches, lighting micromodules and power outlets as you wish and control them all with a single press on the wireless switch.
